A THRILLING SIGNAL

FLY FROM TOGO'S FLAGSHIP

The Famous Words of Nelson Recalled by the Signal under which the Japs went into Battle.

Tokio, June 2.—A dramatic account is given by the Japanese Naval officers of the two days naval battle. The Japanese fleet went into action with the Mikasa Admiral Togo's flagship flying the signals:

"The destinies of our Empire will be decided by the coming conflict. Every man is expected to do his utmost."

This recalls Nelson's famous signal before the battle of Trafalgar. It also foreshadowed a victory not in its actual import nor in its significant bearing on history.

ROJESTVENSKY REPORTED CAPTURED

Washington, June 1.—The Japanese fleet last night gave out the following cablegram from Tokio:

This report from Togo was received the afternoon of May 30: "The main force of our combined fleet, upon accepting the surrender of the remaining Russian main force on the afternoon of May 28, and while engaged in the disposition of the surrendered ships, found in a south-easterly direction the Admiral Ushakov, a coast defense ship. Thereupon the Iwate and Yukumo were immediately dispatched in pursuit, and invited her to surrender, but she refused and was sunk at six p.m. Her crew of over three hundred men were rescued.

The cruiser Dmitri Donskoi was also found in a northwesterly direction at 8 p.m. and was immediately overtaken and fired on vigorously by our fourth division and second destroyer Hotoika. She was attacked that night by the second destroyer Hotoika and the next morning was found aground on the northeastern shore of Ureung Islands off the Korean coast. Our destroyer Sazanami captured toward the evening on May 27 in the south of Ureung Is., and the Russian destroyer Bledov, wherein were found Admiral Rojestvensky and another admiral, both severely wounded, together with eighty Russians, including staff officers from the flagship Kuzai Souvaroff, which sank at 5:30 p.m., May 27. All were taken prisoners.

"Our cruiser Chitose, while cruising to the northwest on the morning of May 28 found and sunk another Russian destroyer Murakino, attacked also on May 28 a Russian destroyer which finally went aground. According to various reports hitherto received and statements of prisoners, the result of the battle from May 27 to May 29, is as follows:

"Kuzai Souvaroff, Alexander III, Borodino, Dmitri Donskoi, Admiral Nakhimoff, Monomach, Temitimus, Admiral Ushakov, one converted cruiser and two destroyers sunk.

"Nicholas I, Grel, Admiral Araxia, Admiral Seminav and destroyer Bledov captured.

RUSSIAN STORY OF THE FIGHT

Vladivostok, May 31 (Debated)—Up to 4 o'clock this afternoon no other vessels of the Baltic Fleet had yet arrived and the signal stations at Askof and Rimsky Korsakoff Islands reported none in sight. Officers of the Almaz and Greymy say that both fleets had already sustained terrible losses when the Almaz and Greymy broke through the battle line. Of the Japanese two battleships had gone down before their eyes and two cruisers, their sterns high out of the water seemed ready to plunge forward to the bottom of the sea.

The Russian fleet they say, was then in a sad sight. Rojestvensky's flagship, the Kuzai Souvaroff and her sister ship, the Borodino, and the cruisers Ossabaya and Grel were utterly destroyed, and when the fog closed down and hid the scene of battle from sight, to the northward of the speeding ves-

sels, a third great Russian battleship, the Alexander III, seemed in sore distress, but putting up a valiant fight against the throngs of torpedo boats, and still continuing her attacks on the cruisers of the island empire. Torpedo boats always were changing around the other ships of the fleet like angered wasps, separate flotillas darting in and out again and again to launch their weapons.

The Almaz, which arrived at her anchorage here Monday evening, bears scars of the battle. Her mainmast is shot away, and one of her smoke stacks is pierced by a cannon shot, but the Greymy, engaged for several hours in a running fight at short range, with a large Japanese destroyer, shows no signs of the fray. After her commander, Captain Andrijevski had been wounded, and an officer and three men had been killed, the Greymy succeeded in sinking her opponent with a lucky placed shot, and reached Vladivostok without further adventure, at eleven o'clock this morning.

"For the past two days Vladivostok has been buzzing with rumors and excitement. The fact that a battle between the rival fleets was imminent, if Rojestvensky was not already at hand, with Togo, was made known through the telegrams from Europe, and when it was learned Monday that a Russian cruiser had been sighted off Aspold Island, headed for the harbor, the city was filled with the wildest rumors of every kind. The inhabitants clustered in the street and thronged the water-side, or they climbed the hill overlooking the harbor for a better view. Finally, towards six o'clock in the evening, a graceful cruiser, with two snow-white stacks, shot in view at the entrance to the Golden Horn, and rounded to an anchorage beneath the bristling guns of the curving promontory. From the broken stump of her mainmast, and a shot-hole showing black smoke, indicated that the cruiser had encountered the Japanese. As the anchor chain rattled in the hawser holes, the vessel, wreathed in smoke—it was an admiral salute in honor of rear-admiral Jessen. Scarcely had the boom of the fast cannon begun to echo from the surrounding hills, when Admiral Jessen's flagship, the cruiser Rossa, answered the salute and a minute later the guns of the fortress took up the cannonade.

"Excitement beyond description seized the thronging spectators, who with frantic "huzzas" tossed high their caps. Citizens embraced each other and danced jubilantly upon the pier, while the crews of the ships in the harbor joined in the wild cheering.

"In a trice the boats were dropped from the davits and in a moment the officers of the cruisers and torpedo boats in the harbor, and the military officials from the fortress were swarming on board the Almaz, to learn the news of the fight. The story was short. According to the officers of the Almaz, the fleet under Rojestvensky met the Japanese in the straits of Korea near Tsu Island, and the

ILLUSTRATED BY HARRISON FISHER
AND CLARENCE F. UNDERWOOD.

BY AGNES ANGEGERTON CASTLE

An interesting story, in many ways the best that these clever collaborators have produced. Its romantic and sympathetic treatment of a plot of unusual originality: the quickly shifting scenes, from the active mystery of tropical India to the haunting spirit of the English down; and the vivid personality of the characters, especially of its charming heroine, leave an impression that one will not soon forget. The illustrations are of special beauty.

FRIDAY, JUNE 2, 1905.

PLEASED WITH CANADA

Moose Jaw, N. W. T., May 27.—A special train containing representatives of the United States congressmen en route to the Lewis and Clark exposition, arrived at Moose Jaw at 11:45, leaving at 12:20.

The party was met at the station by Commissioner McKeever, of the board of trade, also members of the board of trade, and many prominent citizens. The party with one accord expressed themselves delighted with what they had seen of Canada. Through the courtesy of the C. P. R. commercial department, all messages were accepted from the party free. The telegraph office was besieged by many who telegraphed to different parts of the United States. Largely every message read: "We are delighted with Canada." Many questions in regard to the prosperity of the country and district were asked. The weather is most beautiful and everything favorable to make a good impression with all.

Theodore Knapp, secretary of the Western Canada Immigration Association, passed through Winnipeg yesterday on his way to Minneapolis. Mr. Knapp had accompanied the party as far as Chaplin, Assin., and says that all were greatly interested in the agricultural districts through which they passed after crossing the boundary line. They also seemed well posted on the development of the country.

Speaker Cannon, in speaking of the Great Trans Pacific, said that the road would be of untold benefit to the country and that the project should be welcomed even by rival railroads. At Moose Jaw, Speaker Cannon met an ex-North Dakota farmer and was much impressed by what the ex-slanted American had to say of the country and its resources.

The party of American parliamentarians number forty-three, and are made up of senators, representatives in Congress, officials of both the houses of parliament and wives and daughters of the congressmen.

Chief among the party are James G. Cannon, Speaker of the House of Representatives; Senators L. K. Babb, Delaware; L. S. Overman, North Carolina; James A. Hemenway, Indiana; Congressmen James A. Tammey, Minn.; H. C. Adams, Wis.; J. A. Bicker, Ohio; C. L. Bartlett, Georgia; A. R. L. Henry, Texas; Thomas Hodge, Iowa; H. C. Lunden, New Jersey; L. N. Littauer, New York; James McAndrews, Illinois; George R. Patterson, Penn.; W. A. Hodenfels, Ill.; J. C. Shippy, Penn.; J. S. Sherman, New York; J. H. Smith, North Carolina; Geo. N. Southwick, New York, and T. F. Marshall, North Dakota.

Dr. Bryce on the School Question.

Toronto, May 29.—Rev. Dr. Bryce, of Winnipeg, interviewed by the Globe correspondent in Ottawa, said: "I have very recently been in touch with all the provinces of the West. So far as I know—and I made it my business to inquire—there is no excitement or discontent over the educational clauses in the autonomy bills. When the bills were first introduced there was strong opposition to the original clauses. Our Presbyterians of Winnipeg, a body of over sixty representatives, passed resolutions against them. But the changes made have very largely satisfied us. If these amendment clauses were not satisfactory, you would know how strong we are on indignation meetings, and you would certainly have heard from us."

The correspondent pointed out that Dr. Bryce had strongly supported public schools in Manitoba and asked why he had changed. He said: "Well I find the people of the territories satisfied with the present system of education. They have as near to a pure public school system as is workable in Canada. In Winnipeg city today, fifteen years after the passing of our act, we have Roman Catholics

still dissatisfied. They are paying taxes towards the support of public schools and are maintaining parochial schools. This is undesirable. Then, sixty or seventy of their schools in country places, nominally public schools, are, it is declared, being conducted as separate schools. This again is undesirable. Thus the Territories have practically a better working system of public schools, in so far as the religious parties are concerned, than we have under our Manitoba public school system."

"But is not this a surrender of principles on your part?"

"Not at all. A Public school system pure and simple is impossible in Canada. Most of us believe in the principle of the separation of the church and state, but this, if logically followed out, would make the public school a secular school. But logic is not everything. We, as Presbyterians, are not prepared for secular schools. In our deliberations we insist on the liberty to have the Bible in the schools. Manitoba in 1890 failed to yield this. In this John Knox year we are stronger than ever on that point."

Dr. Bryce declared the charge of coercion was absurd. The only attempt was that of the narrow-minded handful of people in Toronto to coerce western people into an agitation distasteful to them. He declared in conclusion that the Dominion Government was not imposing its will on the new provinces more than it had a right to do. The true theory was that of the Dominion as a depository of power giving the provinces what it deemed right.

INSPECTOR'S REPORT

Continued from page three
INTERMEDIATE and SENIOR III.
CLASSES.

The grounds, buildings, somewhat out of repair, also closets. Interior needs calsoining. Rooms fairly well swept.

Standing of classes:
Arithmetic—Exercises exemplified: rapid accurate and neat work.

Geography—Presented in well organized and systematic way. Geographical attainments of pupils satisfactory.

Composition highly creditable as to both form and matter.

Reading—Fair in most cases; in others rather colorless and inexpressive.

History carefully presented; matter suitably organized by teacher.

Writing—Good.

Spelling—Good. Class of high average standing. Instruction of an advanced type, accompanied by good drill and system.

PART II. CLASSES.

Grounds limited; children too much on the street. Building in need of painting outside and calsoining inside. Cleanliness of school room from day to day property attended to.

Standing of classes:
Singing—Satisfactory, and subject to few errors.

Writing—Fairly good.

Reading—Fair as to word recognition, but poor as to expression.

Music—Excellent. As to formal teaching and good as to results in the rendering of songs. Class well disposed towards work and under supervision.

Composition—Teaching careful and of suitable kind. Children well drilled on elementary mechanics of composition, and results good.

PRIMAR CLASS.

Grounds limited; children in danger from playing in the road. Building dirty inside and out. Sweeping and dusting satisfactory.

Standing of class:

Class consists of four divisions properly classified. A good time table is followed and work of classes well performed and co-ordinated. Class too large for individual direction required in primary grade. Enrollment 50; average about 40. Work in reading, numbers and writing up to requirements of program of studies. Work has scarcely the finish it would have with smaller class.

HIGH SCHOOL.

The building is suitable and satisfactory and the equipment adequate. The records are properly kept. The blackboards are quite unsatisfactory in all the rooms. The front boards should be replaced by slate. The rooms are properly cared for.

The teaching and government are satisfactory. The time table is a good one and the different subjects of the curriculum are receiving adequate attention.

Standard VI Class is somewhat weak in point of accuracy in mathematical operations.

The general standing of the High School is excellent as to both teaching and government. It deserves the best support and fullest confidence of the board.

INSPECTORS REPORT

ON THE EDMONTON SCHOOLS

Detailed Report of Inspector McCaig on the Departments of Public and High Schools.

Following are extracts from the reports of Inspector McCaig on the Edmonton public and high schools.

QUEENS AVENUE SCHOOL

STANDARD V

Room and equipment satisfactory.

Standing of classes:

Literature—Good class answering.

Grammar—Grammatical analysis

fairly satisfactory. General exercises

showed few mistakes in expression.

Composition—Writing in most cases

satisfactory, spelling subject to few

errors, expression of ideas clear and

definite and paragraph subdivision

properly observed.

Arithmetic—Exercises neatly done,

statement of solutions good and work

generally accurate.

Geometry—Definitions accurate and

clear, drawing generally good, demon-

stration slightly weak in some cases.

Attitude of class to work satisfac-

tory.

INTERMEDIATE AND SENIOR III

Room, equipment and care satisfac-

tory.

Standing of classes:

Reading—Somewhat slow, rapid and

indistinct. The quantity should be

limited and more attention given to

special passages to develop expres-

sion.

Arithmetic—Quality of teaching

good, but pupils somewhat deficient in

accuracy of operations.

Grammar—Good work is being done

in grammar. Pupils show good knowl-

edge of sentence structure and ana-

lysis.

Composition—Work of good qual-

ity. Writing and spelling satisfactory

and ideas well expressed.

STANDARD II TWO CLASSES

Room and equipment satisfactory.

Standing of classes:

Composition—Work in this subject

clear and concise in statement and

in correct and suitable form. Writing

not of uniform excellence but not bad

in any case. Reading good as to tones

and expression, somewhat rapid.

History—Satisfactory, lesson on

prominent characters in Canadian

history. Class answering showed good

basis of knowledge.

Arithmetic—Good in the senior

class but poor in the junior. Work

somewhat inaccurate in junior class

and showing need of more elementary

routine drill.

STANDARD II JUNIOR AND SE-
NIOR CLASSES

Room and equipment satisfactory.

Standing of classes:

Arithmetic—Drill in mental work

fairly satisfactory. Problems of a

modest sort and solutions generally cor-

rect. Logical sense of pupils well ex-

pressed by character of the work.

Subjects taught in proper relation to

requirements of the program of

studies.

Reading—Intelligent and expressive

in most cases, tones somewhat indi-

ctinct.

Spelling—Good. Writing fair.

Nature Studies—Satisfactory lesson

taught, work consisted of organizing

facts learned from observation of

pupils.

PART II THREE CLASSES

School room and equipment satis-

factory.

Standing of classes:

Number Work—Subject to thorough

drill and generally satisfactory.

Composition—Excellent in element

of form, spelling, writing, grammar,

and sentence, fairly good as to power

and expansion of topics.

Writing and Spelling—Good.

Language Teaching—Thorough and

definite. Standing of classes gen-

erally high.

PART II THREE CLASSES

Room and equipment suitable and

satisfactory, sweeping and dusting

properly done.

Standing of classes:

Number Work—Satisfactory in se-

niior class, fair in junior, not good in

intermediate class. Pupils' work in-

accurate, class not uniform.

Nature Study—Well organized les-

son on the planting, germination and

growth of bean. Lesson taught on

basis of pupils' experience and obser-

vation.

Language Lesson—Of a good kind

on words subject to misuse was well

taught.

Spelling—Good generally. Thorough drill given on this subject.

Writing—Fairly good.

Composition—Generally satisfactory

Greater attention to writing, expres-

sion and sentence structure advised.

PART II THREE CLASSES

Standing of classes:

Number Work—In satisfactory con-

dition. Pupils attack practical prob-

lems well and work accurately done.

Difficulty of work is above the stand-

ard but still thorough.

Spelling and Writing—Generally

good.

Oral Reading—Good as to expression

and recognition. Tones somewhat low

indistinct.

Singing—Tasteful and satisfactory.

PRIMARY GRADE, THREE PART I, CLASSES

Room equipment, suitable sweep-

ing and dusting satisfactory.

Standing of classes:

Classification of pupils good.

Classes uniform as to attainment.

Number Work—Of an advanced

kind, and results good, also as to ac-

curacy of operations.

Writing—Fairly good.

Reading—Pupils have good concep-

tion of word elements and have good

power of recognition of new words.

Composition—Satisfactory as to form.

Music—Pupils slightly lacking in

tone and quality of rendition of songs.

PRIMARY CLASS; FOUR CLASSES

Room and equipment satisfac-

tory; sweeping and dusting suitably

attended to.

Standing of classes: The present

standing of classes in most subjects

not wholly satisfactory, probably due

to two changes in teachers in charge

within a month. Attitude of class

somewhat careless and dilatory, and

attentions not high or uniform.

PRIMARY CLASS; THREE CLASSES

Room and equipment satisfac-

tory.

Standing of classes:

Reading—Its satisfactorily taught.

Writing of pupils for word analysis

and word recognition is quite high.

Composition—satisfactory.

Number Work—Excellent throughout.

Teaching consists of rapid

mechanical drill and interesting

problem work that called into exercise

the logical sense of the pupils. Work

uniform in all grades.

Composition—Excellent for stand-

ard one, and based on topics suitable

to the grade.

MASONIC HALL

INTERMEDIATE III AND JUNIOR IV, CLASSES

Grounds limited in size. School

building properly swept and dusted.

Outbuildings in satisfactory condi-

tion. School room inconvenient in

shape for the best discipline and in-

struction.

Standing of classes:

Spelling showed careful preparation

by pupils.

Writing generally good.

Music—Teaching of elements good;

rendering of songs tasteful and quite

credible.

Grammar—Teaching is along right

lines but classes not uniform in at-

tainment.

Agriculture—Shows careful prepa-

ration and good presentation by the

teacher.

Composition—Shows creditable and

useful work in business forms.

Standing of class on the whole satis-

factory.

INTERMEDIATE and SENIOR II, CLASSES

The grounds surrounding this

school will not allow suitable or suf-

cient exercise to pupils. The dis-

tance of pupils from the teacher due

to the length of the room interferes

with the exercise of effective class

discipline and instruction.

The sweeping and dusting are satis-

factory attended to.

The teaching is generally good.

The amount of work done is large

and the methods of instruction

sound. The results are fairly satis-

factory. The quality of the work

would be heightened by slightly

sharper class discipline. Arithmetic

shows a good capacity for problem

work subject to some inaccuracies.

Reading, Spelling, Literature and

Grammar are good. Composition

work somewhat limited and faulty.

The attendance is good, but punctu-

larity low. There are too many

lates.

SENIOR IV, CLASS

No recreation grounds, building in

need of painting and calsoining; houses dilapidated.

Classes were examined in Reading,

Geography, Composition, History and

Drawing.

PART II THREE CLASSES

Room and equipment suitable and

satisfactory, sweeping and dusting

properly done.

Standing of classes:

Number Work—Satisfactory in se-

niior class, fair in junior, not good in

intermediate class. Pupils' work in-

accurate, class not uniform.

Nature Study—Well organized les-

son on the planting, germination and

growth of bean. Lesson taught on

basis of pupils' experience and obser-

vation.

Language Lesson—Of a good kind

on words subject to misuse was well

taught.

THE NEWS OF THE DAY

IN CONDENSED DESPATCHES

Brief items from many sources tell the story of the day's events.

BROKE THE RUSSIAN LINES.

Tokio, June 1.—The correspondent of the Journal gives the following details of the naval battle of Tsu Island, it was on the morning of May 27 when the Russians appeared off Tsu Island, advancing in double formation. Several orders first attacked, and then a powerful Japanese squadron sailed up and opened the cannons, which continued until 5 p.m., when the Russian line broke. The cruiser Admiral Nachimoff sunk.

The fight continued during the night, the torpedo boats repeatedly attacking. At daybreak several of the Russian vessels had disappeared. Rojstvensky meanwhile transferred his flag to the protected cruiser Oleg. The fighting went on all day Sunday. At noon on May 29 the remainder of the Russian ships scattered, the Japanese pursuing them.

CAPTURED BATTLESHIP IN PORT.

Tokio, June 1.—The captured Russian battleship Orel arrived at the Misura navy yard at noon Tuesday. The battleship Nikolai I. and Admiral Semenov and the coast defense frigate Admiral Apraxine reached Sasebo at 11 o'clock. It is reported that the Orel and Nikolai I. are slightly damaged.

KILLED BY EARTHQUAKES

Setenji, Montenegro, June 2.—So-called earthquake shocks have occurred throughout Montenegro and Montenegro. At Senteri 500 houses collapsed and 200 people were killed.

THE ONTARIO CAMPAIGN

Ottawa, June 1.—Hon. Frank Oliver and Messrs. Turiff Talbot and Lamont, M.P.s, have left for Oxford to take part in the campaign. Walter Scott, M.P., is now in London. Hon. Messrs. Fielding and Paterson will go later on.

CAZAR'S CONDITION CAUSES A BARM

St. Petersburg, June 2.—Rumors were current here last night to the effect that the Czar had either shielded or been assassinated at Tsarkoe-Selo place but they were officially denied later. It is known, however, that he is distraught with grief and sorrow at the crowning disaster to Russian arms and that his physique, always weak, shows signs of breaking down under the strain, while his mental equilibrium never very sound is causing alarm to his family and advisors.

JAPANESE LOSSES LIGHT

Tokio, June 2.—The Japanese losses in the battle in the sea of Japan were 112 officers and men killed and 424 officers and men wounded.

NEW CAMPAIGN FORESHADOWED

Headquarters of Gen. Kuroki's army via Pusan, June 1.—There is every reason to believe that the next campaign will be even more successful than the past. The soldiers have the spirit and discipline of veterans and nothing is lacking in supplies. Engagements have occurred for more than a fortnight, the only shots fired being when cavalry patrols have brushed.

WEATHER

Winnipeg, June 2.—It will likely become cooler in Alberta and warmer in Manitoba. Scattered thunderstorms are possible but mostly fair today and tomorrow.

The weather yesterday was very warm in Alberta and Western Assiniboia, the temperature having risen a few degrees compared with the day before and reports show the temperature a few degrees lower than the last report in Manitoba, yet it was still warm and dry.

Temperatures recorded during the past 24 hours.

RUSSIAN STORY

Continued from page one
sufficiently during the morning now began to settle down again and the distance of the Almaz, which had succeeded in disengaging herself in the combat from the struggling ships, made it difficult to see clearly, but the officers are positive that they saw two battleships disappear beneath the waves before their eyes and that two Japanese cruisers appeared on the point of sinking.

The arrival of the Grenzy at 11 o'clock today was marked by the same scenes of excitement as those which characterized the advent of the Almaz. The correspondent of the Associated Press visited the wounded commander of the destroyer, Captain Andrieffski, at the hospital, and the captain confirmed the details given by the officers of the Almaz. He described his combat as a running fight, in which the Grenzy was engaged for several hours, finally sinking the pursuing Japanese destroyer.

Denies the Statement.

Editor Bulletin: Your issue of May 27, contained a report of a political meeting at Bay, which says I, agreed to accept the results of the convention at Riviere Qui Barre on June 6. I did not make any such statement.

Yours truly,
J. A. TIERNEY,
St. Albert, June 2.

EDMONTON RIFLE ASSOCIATION.

The regular Wednesday afternoon practice was attended by a few members, when the following scores were put in:

Yards.

McNaughton 28 31 28 87
Heist 24 33 22 79
Harris 16 22 21 58

On Thursday the regular evening practice was held, when over a dozen members turned out, in spite of the threatened storm, which, however, passed around north of the city without doing other harm than dimming the light. This lessened the scores, particularly those at the close of the 600 yards, when it became almost impossible to define the sights. The scores put on are therefore very creditable, especially when it is pointed out that several whose scores are given were only shooting for the first or second time. Several of those give promise of making good marksmen with a little more experience.

Following are the best scores made.

Yards.

Pearce 33 23 29 55
Cameron 32 15 26 73
Barbottin 24 25 19 68
Osborne 25 24 15 64
Anderson 21 19 21 61
Robson 26 17 16 59
Vardon 19 29 17 56
McLeod 15 14 19 48

As this year's regulations of the C. M. R. League permit of the counting of the ten highest scores made at the regular practice of the associations on Saturday afternoon next, in that competition, it is expected that every member who can possibly be on hand, will make a point of doing so.

Superfluous Hair
Removed by the New Principle

De Miracle

It is better than electricity, because it does not burn or produce a new growth. Better than X-ray, because it does not burn, scorch or paralyse the tissues under the skin. Better than depilatories, because it is not poisonous; therefore, it will not cause blood poisoning, or produce eczema, which is so common with depilatories, and does not break off the hair, thereby increasing its growth.

De MIRACLE is offered you on the word of the operators and manufacturers, D. B. MIRACLE Co. Ltd. An entirely new method which is induced by physicians, surgeons, dermatologists, medical journals and prominent magazines.

De MIRACLE will be mailed to any address, sealed in plain wrapper for \$1. Your name back without question if it fails to do all that is claimed for it.

Our booklet—The most complete treatise on Superfluous Hair ever published—containing the testimonial of numerous physicians and surgeons and those of hundreds of others—will be sent free, in plain, sealed envelope, upon request. Write for it to-day to De MIRACLE CHEMICAL CO., 23 Queen Street West, Toronto, or

ONLY FOUR REMAIN

Ottawa, May 22.—Hon. Wm. MacDougall, one of the fathers of confederation, died at his residence, 10 Dalhousie street, today. He was 83 years of age and has been confined to his room for the past eight years. Sir James Grant, who was his physician as well as his friend for many years states that death was due to general debility. The death of Mr. MacDougall leaves only four of the members of the confederation compact alive. They are Sir Wm. Howland, Sir Hector Langevin, Sir Charles Tupper and Hon. A. A. Macdonald. About 32 years ago Mr. MacDougall fell and broke his leg, and he was never able to be around very much since that time. The last political contest he was engaged in was in south Granville, when he ran on the Liberal interest, and was defeated by the Conservative Shantz. Mr. MacDougall was always recognized as one of the ablest men in the Dominion. He leaves a widow and family.

A Broad Statement

This announcement is made without any qualifications. Hem-Roid is the one organization in the world that guarantees it.

Dr. Leonhardt's Hem-Roid will cure any case of piles. It is in the form of a tablet.

It is the only piles remedy used internally.

It is impossible to cure an established case of piles with ointments, suppositories, injections, or outward applications.

A guarantee is issued with every package of Dr. Leonhardt's Hem-Roid, which contains a month's treatment.

Go and talk with your druggist about it.

The Wilson-Pyle Co., Limited, Niagara Falls, Ont.

The Canadian North-West Homestead Regulations.

Any even numbered section of Dominion lands in Manitoba or the Northwest Territories, excepting 8 and 28, which has not been homesteaded, or any male over 18 years of age to the extent of one quarter section, 160 acres.

ENTRY.—Entry may be made personally in the district in which the land to be taken is situated, or, if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district to which the land is situated, give authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Homestead Act and the regulations thereto, to perform the conditions connected therewith under one of the following means.

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father or mother, if the father is deceased, or any person who is eligible to make a homestead entry under the conditions of the Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon a farm the land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the North-West Territories and the Yukon Territory.

Coal.—Coal lands may be purchased at \$10 per acre for soft and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on the gross weight.

Quartz.—Persons of eighteen years and over, and joint stock companies holding miners' certificates may obtain entry for mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered minerals in a placer mine located in a claim 1500 to 1,500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein. The claim may be recorded within fifteen days if located within ten miles of mining recorder's office, one additional day allowed for every additional ten miles.

The fee for recording a claim is \$500.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof.

When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements purchase the land at \$1,000 per acre.

Permit is granted by the Minister of the Interior to locate a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party paying the same.

Permit is granted by the Minister of the Interior to locate a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party paying the same.

Placer Mining, Manitoba and the N. W. T., excepting the Yukon Territory.—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or beach, the former being 100 feet long and extending back to the base of the hill, the latter includes bar dimensions but extends back to the base of the hill or bank but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T., excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessor's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who

have or may receive entries for bar diggings on beach claims, except the Saskatchewan river, where the lessor may dredge to high water mark, on each alternate five miles.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental \$1 per annum for each mile of the river.

Royalty at the rate of two and one-half per cent, collected on the output after it exceeds \$10,000.

Six leases of five miles each may be granted to a free miner for a term of twenty years also renewable.

The lessor's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the first day of August in the year of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental \$100 per acre for first year, and \$10 per mile for each subsequent year. Royalty same as on placer mining.

Placer Mining, Yukon Territory.—Creek, gulch, river and hill claims shall not exceed 250 feet in length measured on the base line or general direction of the creek or gulch, the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are made by two legal posts, one at each end bearing notice. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one extra day allowed for each additional ten miles or fraction.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party paying the same.

Entry fee \$10. Royalty at the rate of two and one-half per cent on the value of the gold shipped from the Yukon Territory to the Comptroller of Customs.

No free miner shall receive a grant of a claim for the same mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notices and paying fee of \$2.00. A claim may be abandoned and another obtained on the same creek, gulch or river by giving notice and paying a fee.

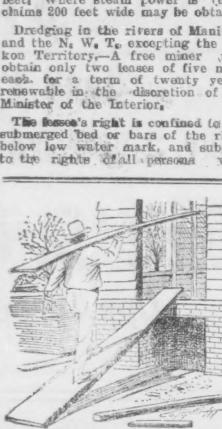

Work must be done on a claim each year to the value of at least \$100.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Delegates Chosen

(Continued)

A public meeting was called at St. Albert for the evening of May 31, by Fleure Perron (member of the committee by special appointment) of the electors of polling sub-division of St. Albert to elect thirteen delegates to attend a Liberal convention called for June 6.

A chairman was elected and called on L. Bourreau, of St. Albert, to address the meeting. Usually when electors meet they like to hear political issues discussed. But, judging from the remarks of the speakers, his knowledge of politics is as limited as his desire to give fair play. The few words he uttered were a trifling bit above of any of the candidates.

Dr. Tierney was then called upon and addressed a few words explaining his position. Mr. Guillaumet also spoke.

The meeting then proceeded to elect delegates. Three delegates were elected, and as the fourth, Ed. Hogan, was nominated, he was elected to oppose him. After a great deal of "fairy talk," the chairman announced that he would divide the house. Before the division took place Dr. Tierney's supporters, some 150 electors, came streaming in through the door to vote for his delegate. Mr. Hogan, when Fleure Perron, the chairman, ordered the policeman to close and lock the door, after a careful count of those who had voted in, Mr. Hogan was elected by six, but the chairman ruled otherwise.

Immediately Dr. Tierney and his supporters, left the meeting and adjourned to an adjoining building, where it was decided to elect delegates. Dr. Tierney took the chair with Mr. Hogan as secretary, and the following delegates were chosen:

M. Hettlinger, Ed. Hogan, Jules Clave, J. Mauchle, T. Killips, A. Rowland, M. Kennedy, J. Klathe, A. Arund, James Morkin, Angus Gillies, Wm. McKenna, H. B. Dawson.

These delegates, having received their credentials, will attend the convention at Riviere Qui Bois on June 6.

What's the Matter

Editor of the Bulletin:

I had the opportunity of attending the recent session of the annual district "meeting" of the Methodist church held in Strathcona, and of hearing the reports from the various fields, and I was painfully impressed by the spirit displayed there. Instead of "How many conversions have there been on this field during the year?" the chief question was "How much money have you raised?" and "Why this deficiency in the Alberta college fund?" The discussion, the bickering, over a few dollars of a deficit, was disheartening. The increase on 13 fields reporting is only 89, most of them by letter, very few actual conversions, so far as I could learn. The number on trial or five fields was forty-eight, the rest, none. There may be special reasons on part.

What is wrong? In former times it was the test of a minister's calling. If he did not report a revival and gracious results, his calling was not regarded as being from above. Is the dry rot affecting the Methodist church in the Edmonton district? How about the other districts?

Men who claim the title of Reverend, not for themselves but for their brethren, are multiplying. But I am my brother's keeper. But let each professor first of all be absolutely sure of his own conversion and consecration, the proof of which will be in his burning desire for the salvation of others.

Now, until a community is profoundly moved, can there be any effectual attempt at moral house-cleaning.

Brother, let us pray.

D. H. LEVY.

and separate schools, high school, Al-
berta College.

CHURCHES:—Roman Catholic, An-
glican, Presbyterian, Methodist
Baptist, German Baptist, Luth-
eran, Salvation Army.

TRAIN SERVICE:—Leaves for
Strathcona 7:45 and 15:30. Ar-
rives at Strathcona 9:15 and
10:50.

LOCAL

The city council meet this even-
ing.

The day power electric service be-
gan at noon yesterday.

T. A. Stephen has installed an
electric fan in his real estate office.

Baseball practice tonight. All
players requested to be out early.

C. R. Stovel, right-of-way man for
the C.N.R. came in from the construc-
tion work last night.

Several electric fans have been
installed in city hotels and business
houses during the past few days.

Edmonton and Strathcona play
baseball on the ball grounds Tuesday
evening, not Thursday as announced
yesterday.

Work is being rushed at Dr. Glen-
denan's concert block works on 4th
street, or material for use in the
new Strathcona school.

The ball game between Strath-
cona and Edmonton announced for
this evening has been called off.

Edmonton and Strathcona play
baseball at Strathcona this evening. Busi-
ness have the Bulletin office at 6 and
6:30. Game at 7 o'clock.

The fifteenth annual convention
of the K. of P. of Manitoba and the
North West will be held at Calgary
on July 5 and 6.

The sidewalk has been taken up
along the south side of Jasper be-
tween First and Second streets, to
be replaced by artificial stones.

The Empire Block opposite Mc-
Dougall & Seccord's is rapidly nearing
completion and in size and appearance
would do credit to any city in Canada.

William Bros. took over their
new store on Jasper and Fourth
street yesterday, where they will run
a butcher shop and grocery store.

John Walter's new steamer went
up to the timber limits yesterday,
taking a crew of men. The new
boat has proved very satisfactory on
her trial run, making six miles per
hour up stream.

The cut worm is reported to
have done damage in some districts,
its presence is said to be due to
the continued dry weather and a
few heavy showers. It is claimed
would extingish the pest. A Cal-
gary exchange says the worms have
appeared in gardens in that vicinity.

At the Homewood Presbyterian
church, an ice cream social and con-
cert will be held on Tuesday, June
13th, beginning 7 p.m. Rev. Dr.
McQueen will act as chairman. The
concert is in aid of improvements
to the church. Admission 25c, children
15c.

Calgary Herald: Premier Laurier
is en route to Calgary. Secretary
Peterson of the board of trade received
a wire from him today saying he
would arrive in the city tonight and
appear at the banquet Thursday evening.
He will speak on the new legis-
lature and it just possible that Mr.
Laurier will forecast something of
unusually interest politically. He is
fresh from the fight at Ottawa where
he has been all the winter conducting
negotiations incident to the new
duty to be conferred on the Territories.

City officials and town boards in the
new country of Oklahoma have
urged residents to dig caves as a pro-
tection against tornadoes and 5,000
are being dug. In one town Hinton,
the following official notice has
been published. "On nights when the
clouds look at all dangerous, a sentry
will be stationed in the bell tower pro-
vided with a repeating shot gun. If
there is apparent danger he will ring
the bell and fire a number of shots
in quick succession. Also any person
who sees a storm coming when the
sentry is not stationed will be expect-
ed to fire a gun."

The largest casting ever turned
out at the foundry was made this
week. It is a frame for a punch
for Eaton & Lysons and weighs about
600 lbs.

MARRIED.

Local Manager.

IN MEMORIAM.

Powell—In loving memory of our
son, George A. B. Powell, who passed
away, June 2nd, 1904.

We miss thee from our home, dear
George.

We grieve thee from thy place;

A shadow of thyself is cast;

We miss the sunshine of thy face;

We miss thy kind and willing hand;

Thy fond and earnest care;

Our home is dark without thee.

We miss thee everywhere.

FATHER AND MOTHER,
